NEWZ

Manau Quelled
EsadType 23 – 25

A typeface family that bridges the gap between mass press and popular culture, resulting in a trans-generational typography.

Newz is a typeface forged at the intersection of historical print traditions and contemporary visual culture. It draws a direct lineage from the typographic canons of the 18th-century English press, where the rise of industrial printing stimulated the bold, authoritative letterforms of Figgins and Thorowgood, while absorbing the aesthetics of late 20th and early 21st-century mass media. Somewhere between Fast & Furious and English tabloid billboards, its design is an exploration of impact, slant, and spatial tension, shaped by the way headlines have commanded attention across centuries.

These dual influences manifest in Newz's two primary display styles. The Slab Headline version inherits the dense, weighty authority of early newspaper typography, where serifs were engineered for clarity and presence in an industrialized press. The Sans Impact version, in contrast, is steeped in the visual codes of contemporary mass communication; drawing from the condensed, high-energy lettering of sports magazines, 1990s and 2000s action movie posters, and video game covers, where aggressive slants and tight spacing amplify dynamism. Despite these contrasting origins, the typeface is tied together by a cursive logic that runs through both styles, not as a decorative flourish, but as a structuring principle. The inclination, fluidity, and movement inherent to cursiveness inform both the letterforms and their spatial relationships, creating a sense of urgency and rhythm that transcends the rigid boundaries between slab and sans. This approach directly shapes the space design of the typeface: structuring the rhythm of white space, optimizing balance, and reinforcing the kinetic energy that defines both styles. Over time, these influences have blended into one another: the Slab Headline absorbs some of the expressive flow of popular visual culture, while the Sans Impact is anchored by the structural discipline of print heritage.

Though already functional as a display typeface, Newz remains an evolving project. Future developments will include a text-caption sans serif specifically optimized for smaller sizes, alongside expanded width variations derived from the Slab Text version. These additions, ranging from ultra-bold to thin weights, as well as monospaced adaptations, will ensure greater versatility, allowing the typeface to function seamlessly across a broader spectrum of editorial and digital applications. More than a static revival, Newz positions itself as an ongoing reflection on how typography mediates the language of urgency, adapting to both historical and contemporary rhythms of mass communication.

34 pt

*REA, the Australian property company major-
ity-owned by Rupert Murdoch's News Corp,
has made a £5.6bn offer for Rightmove, the UK's
biggest online real-estate portal. The Rightmove
board rejected the 705p a share offer, worth 18.6 %
of the enlarged company post-deal, which comes*

24 pt

Claire Enders, founder of Enders Analysis, *said the super-rich have long sought to buy newspapers to help push their agendas and it was now possible to “count on one hand the big media brands that aren’t owned by an oligarch or other billionaire”.* “It’s another sign that the super-wealthy wish to control assets that give them an extra level of power”.

21 pt

She said. “Whatever they may say, that’s the reason why they buy them”. It is now unusual for major news media not to be owned by a billionaire, and that is why *the Guardian* [owned by the independent Scott Trust], *the Financial Times* [owned by the employee-owned Japanese media group Nikkei] and the BBC are consistently shown to be the most trusted news brands.” The

billionaires who now control vast swathes of the media landscape include: *Elon Musk-Twitter*. The world’s richest person struck a deal to buy Twitter, journalists’ and politicians’ preferred medium for sharing stories, for \$44bn last week, promising to unleash its “extraordinary potential” to boost free speech and democracy across richest person in the world (\$169bn compared with

15 pt

with Musk’s \$252bn) bought the Washington Post for \$250m in 2013. When Bezos took over, the Post was bleeding money and he said the business model was “upside down”. He said of his decision to buy the paper: *“I had to do some soul-searching.. Is this something I want to get involved in? I started to realise this is an important institution.”* “It is the newspaper in the capital city of the most important country in the world. The Washington Post has an incredibly important role to play in this democracy. There’s no doubt in my mind about that.” Within three years the paper had doubled

its internet traffic and turned a profit. “I know that when I’m 90, it’s going to be one of the things I’m most proud of, that I took on the Washington Post and helped them through a very rough transition,” Bezos said in an interview in 2018. *Rupert Murdoch-Times, The Sunday Times, The Sun, Fox News, the Wall Street Journal, the New York Post, several Australian titles.* The last standing of the original media barons, Murdoch took over running the News, a small Adelaide newspaper following his father’s death in 1952. He expanded to a portfolio of newspapers across Australia, before

entering the UK with the purchase of the News of the World in 1969. In the 1970s he moved to New York, buying up media assets starting with the New York Post. In 2017, Murdoch sold the bulk of his family’s 21st Century Fox entertainment businesses to Walt Disney in a deal worth \$66bn, but kept the newspapers and the right-wing US news channel Fox News. *“Are we retreating? Absolutely not,” he said at the time.* “We are pivoting at a pivotal moment.” Zuckerberg co-founded Facebook while studying psychology at Harvard University in 2004. Within a month, half of the

10 pt

The Lebedevs-Novaya Gazeta, the Evening Standard, and The Independent. The Russian oligarch and former KGB spy Alexander Lebedev is a part-owner of the investigative Russian newspaper Novaya Gazeta. In 2009, he bought the Standard for £1, and the following year he bought the Independent for £1. The titles are run by his son, Evgeny, and the family has pumped more than £100m into the businesses. *The Standard was a stalwart supporter of then-London mayor Boris Johnson, endorsing his 2012 reelection campaign.* In 2015, Johnson and Lebedev camped out together on the streets of London to draw attention to homelessness among army veterans. When Johnson joked that he had fallen in a puddle, Lebedev quipped: *"I saved your life."* Evgeny was given a knighthood in 2020. Last week, Downing Street missed the deadline for publishing the security advice it received about granting the peerage, after Johnson denied intervening when intelligence services said it would be a security risk. Evgeny has since sold stakes in the newspapers but remains the largest single

FÓTBOLTABRANSINN Á ÍSLANDI: Á MILLI ÁSTRÍÐU OG VIÐSKIPTA

Fótbolti hefur lengi verið einn vinsælasti íþróttagrein Íslendinga, en á síðustu árum hefur íþróttin einnig orðið að alþjóðlegum viðskiptavettvangi. Eftir sögulegt afrek íslenska landsliðsins á EM 2016 og HM 2018 jókst athygli erlendra fjárfesta og félaga á íslenskum leikmönnum og félögum. Þetta hefur skapað ný tækifæri en einnig nýjar áskoranir fyrir íslenskan fótbolta. Á heimsvísu hefur fótboltabransinn þróast í átt að viðskiptavæðingu þar sem sjónvarpsréttindi, styrktarsamningar og leikmannakaup ráða för. Íslensk lið hafa í auknum mæli þurft að aðlaga sig þessum veruleika, en þau standa frammi fyrir einstökum áskorunum vegna smæðar landsins, takmarkaðs markaðar og veðuraðstæðna sem takmarka keppnistí-

UNE INSTITUTION EN PÉRIL DANS LE FOOTBALL FRANÇAIS

Les Girondins de Bordeaux, club historique du football français, traversent l'une des périodes les plus troubles de leur existence. Autrefois une place forte du championnat, avec six titres de Ligue 1 et une tradition européenne marquée par des épopées mémorables, le club peine aujourd'hui à retrouver son lustre d'antan. Relégués en Ligue 2 après des années de gestion chaotique et de difficultés financières, les Bordelais luttent pour redéfinir leur identité dans un paysage footballistique français en constante mutation. Les problèmes structurels du club sont nombreux : dettes abyssales, instabilité sportive, direction contestée et affluences en berne au Matmut Atlantique. La gestion par des investisseurs étrangers, souvent déconnectés de la réalité locale, a laissé un club fragilisé, à la merci de décisions

TÜRKIYE'DE SEÇİM SİYASETİ: REKABETİN, STRATEJİNİN VE BELIRSİZLİĞİN ARENASI

Türkiye'de seçim süreçleri, yalnızca sandık başına gidip oy kullanmaktan çok daha fazlasını ifade eder. Seçimler, siyasi partiler ve liderler için bir güç mücadelesi olduğu kadar, toplumun farklı kesimlerinin taleplerini yansıtan kritik dönemeçlerdir. Türkiye'nin çok partili hayata geçtiği 1950'den bu yana seçimler, demokratik sürecin temel taşlarından biri olmuş, ancak her dönem farklı dinamiklerle şekillenmiştir. Özellikle son yıllarda, kutuplaşma, medya kontrolü, seçim yasalarındaki değişiklikler ve ekonomik dalgalanmalar, seçim kampanyalarının doğasını ve sonuçlarını doğrudan etkilemektedir. Cumhurbaşkanlığı Hükümet Sistemi'ne geçişle birlikte, seçimlerin önemi daha da artmış, ittifaklar belirleyici bir faktör haline gelmiştir. Tek bir

NEPOKOJE V PRAZE: SOCIÁLNÍ NAPĚTÍ A POLITICKÉ DŮSLEDKY

Praha, město s bohatou historií odporu a revolucí, se opět stala dějištěm rozsáhlých nepokojů, které odrážejí hluboké společenské a politické napětí v zemi. Protesty, které začaly jako pokojné demonstrace proti vládním opatřením a ekonomické nestabilitě, rychle eskalovaly do násilných střetů mezi demonstranty a bezpečnostními složkami. Ulice hlavního města se zaplnily tisíci lidí vyjadřujících svou nespokojenost s rostoucími životními náklady, korupcí v politických kruzích a vnímaným odklonem vlády od demokratických principů. Policie nasadila těžkooděnce a vodní děla ve snaze potlačit výtržnosti, což vedlo k desítkám zatčení a zranění. Některé části města byly ochromeny hořícími barikádami a vandalismem, zatímco politici vyzývali k uklidnění situace. Vládní představitelé čelí rostoucímu
